Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Thursday 21 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Feeling colder with sunny spells and showers at times.

Today:
A colder day with scattered blustery showers and sunny spells. Showers and strong winds gradually easing through the afternoon and becoming confined to the far southwest. Maximum temperature 8 deg C (46 deg F).

Tonight:
Clear spells developing through the evening and overnight with showers continuing in the far southwest. A cold night with a risk of a frost. Minimum temperature -1 deg C (30 deg F).

Friday:
A cold start with sunny spells and scattered showers in the west. Showers becoming more widespread across the region through the afternoon. Cloud thickening overnight with the possibility of rain. Maximum temperature 8 deg C (46 deg F).

Outlook for Saturday to Monday:
Cloudier on Saturday with the possibility of rain and hill snow. Rain and hill snow turning to sunny spells on Sunday. Drier with sunny spells on Monday. Feeling cold throughout.
